

**Group:** Eco Buddies 3.0

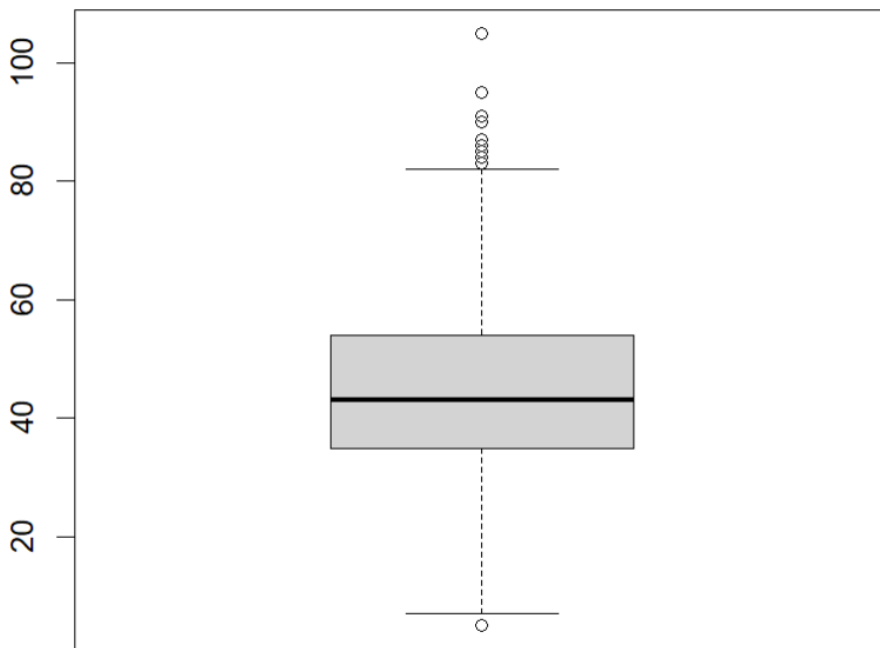

**In Class Data Reading Assignment**

**Names:** Lina Clifford, Laura Haynes, Olivia Dinkelacker, Liz Clark, Nicole Yunes Perez

9/22/2022

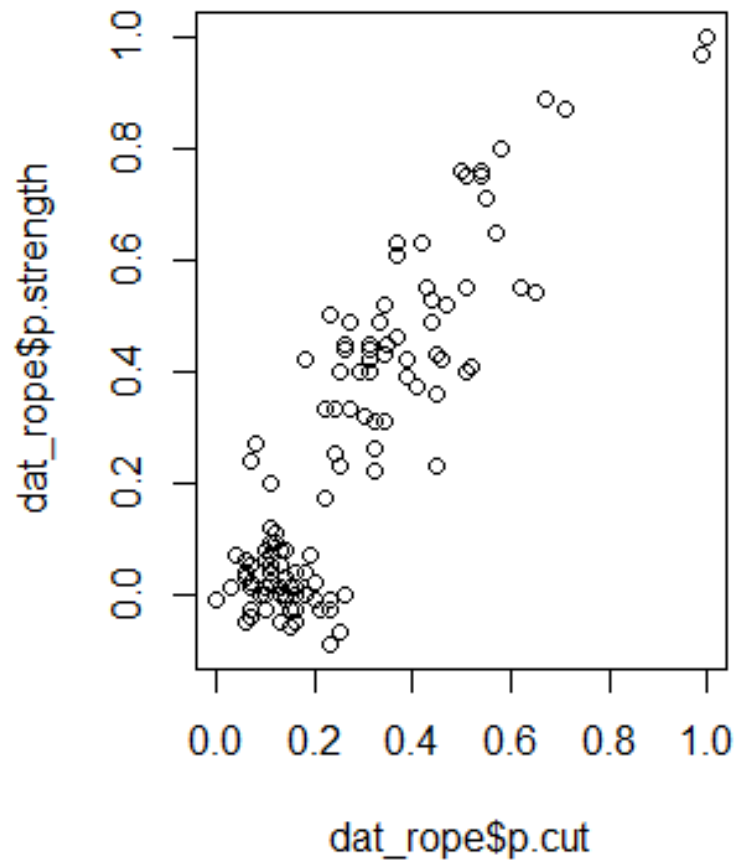

We had difficulties with loading packages and calling csv files.

**Laura Haynes**

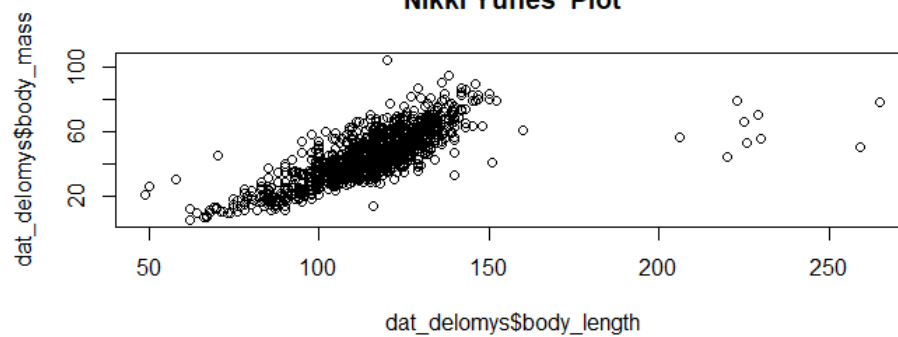

delomys body\_mass

## Lina Clifford's Plot

## Nikki Yunes' Plot

Code Used:

```
#install here package
```

```
install.packages("here")
```

```
#load in Here package
```

```
require(here)
```

```
#see working directory
```

```
getwd()
```

```
#load in csv file into environment
```

```
dat_catrate = read.csv(here("data", "catrate.csv"))
```

```
dat_delmoys = read.csv(here("data", "delomys.csv"))
```

```
dat_rope = read.csv(here("data", "rope.csv"))
```

```
#see if dataframe or matrix
```

```
class(dat_catrate)
```

```
class(dat_delmoys)
```

```
class(dat_rope)
```

```
#see first few lines
```

```
head(dat_catrate)
```

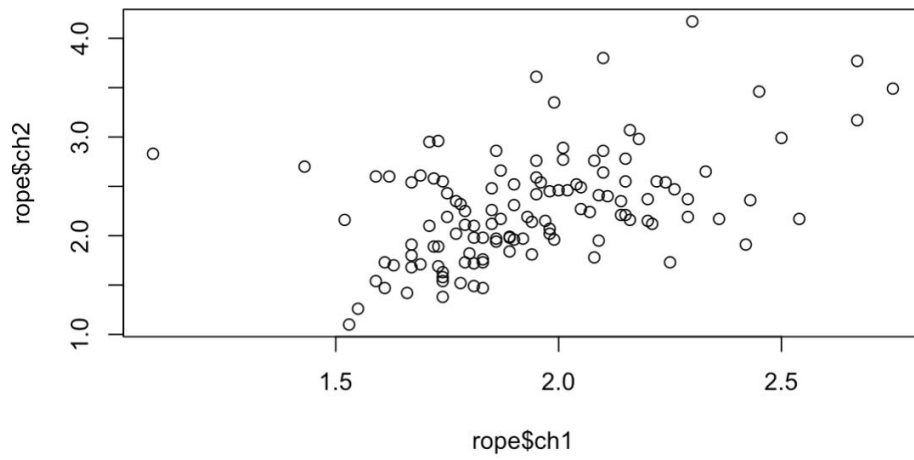

```
head(dat_delmoys)
```

```
head(dat_rope)
```

```
#create plot with name
```

```
plot(dat_rope$p.cut, dat_rope$p.strength, main="Lina Clifford's Plot")
```

### Olivia Dinkelacker

### Liz Clarks catrate success vs pond plot
